

Karlheinz Böhm's Äthiopienhilfe

Two possibilities for your fund-raising drive:

• Money transfer with code word

In the invitation ask your guests to donate using a code word. This must, of course, be coordinated with us, in order to avoid mix-ups.

• Collecting cash

Put out a collecting box or hand out envelopes and transfer the total proceeds. Then let us know which guests require a donation receipt (with address and amount).

Donation receipts

From € 101 upwards we will send a receipt and thank you letter to the donor. A receipt for a fund-raiser at birthdays, weddings and anniversaries can also be sent to the person celebrating or the bride and bridegroom. Please speak to us beforehand about the details.

Help with your own fund-raiser!

There are many ways of fund-raising. We'll be pleased to advise you! Please contact:

Menschen für Menschen Foundation

Karlheinz Böhm's Ethiopia Aid

Brienner Straße 46

80333 München

I want to help!
A guideline for your fund-raising drive.

Together with *Menschen für Menschen* [Almaz and Karlheinz Böhm](#) are working on improving the life situation of the families in the rural regions of Ethiopia.

Water shortages, drought and soil erosion threaten the existence of these people. Often only emergency aid can ensure survival. In order to diminish the dependency on outside aid, the guiding principle for our work is to help the people to develop themselves..

Improved agriculture, watering places and medical centres are the keys to good harvests, nourishment and health. To ensure that the younger generation has opportunities for the future, we build schools and train them in skilled-technical professions. Eliminating damaging traditions such as child marriage and female circumcision is the basis of progress for the disadvantaged girls and women.

But too many people still live in unworthy conditions. Our goal is to relieve their distress. **Please support our efforts!**

Donations instead of gifts

Many people take Karlheinz Böhm as an example. They not only make donations, they also motivate others to help.

The most common occasions for supporting the work of *Menschen für Menschen* are fundraising drives at:

- Birthdays
- Weddings
- Summer fêtes
- Anniversaries
- Bazaars
- Charity concerts

Many people use these opportunities because they themselves already have everything they need in life. They get involved in our work because of a deep-felt wish to do something against the unjust distribution between rich and poor in our mutual world.

A reason to celebrate can be an occasion to help.

The money for a non-essential gift such as a bunch of flowers, tie or chocolates can save life. Do your part in providing clean water and access to education for the people of one of the poorest countries in the world.

What your support is worth:

Access to clean drinking water for one person	10 €
2,500 saplings against soil erosion	25 €
Bench and desk for two children	50 €
Manual grain mill to ease the work of women	100 €
Training course for medical personnel / year	340 €
Craftsman training for 5 youths / month	900 €
Construction of a well (average)	1.500 €
